ROCKY ROOM 93-DOE-09976

Ms. Patricia D. Hull, Director Air, Radiation and Toxics Division (8ART) U. S. Environmental Protection Agency 999 18th Street, Suite 500 Denver, Colorado 80202-2405

Dear Ms. Hull:

The Environmental Protection Agency (EPA) issued an Administrative Compliance Order to EG&G Rocky Flats, Inc., our maintenance and operating contractor, in March 1992. The Order required EG&G to submit data that would enable EPA to determine if Rocky Flats Plant was in compliance with the radionuclide National Emission Standards for Hazardous Air Pollutants (40 CFR 61, Subpart H). EG&G submitted the required data prior to the January 1993 deadline established in the Order. It is our understanding that in March 1993 your office requested that the EPA Office of Air Quality Planning and Standards (OAQPS) in Research Triangle Park, North Carolina evaluate the data submitted by EG&G and make a compliance determination. The determination by OAQPS was expected to be completed by June 1993.

However, to date we have not received a compliance determination from your office. Because this determination affects upcoming budgeting and planning decisions as well as compliance, we need your determination as soon as possible. The Rocky Flats Office requests a meeting with your staff to discuss this issue.

If you have any question concerning this request please call me at 966-4440, Tom Lukow at 966-4561, or Jon Dion at 966-5904.
